# Why Be Involved?

## Make a Difference

Spending just one week with the kids can change their lives. Two testimonials about campers who have gone to Getaway camps in the past are: *"You have achieved in a week what I have been trying to do for years with that child"* and *"From the bottom 10% academically to the top 10% within a term of going to camp"*

Although you may not think you can make a difference, just spending time with the campers can be lifechanging for them.

## Develop Your Skills and Others

Many opportunities are presented for you to develop your own skills along with teaching others, particularly in the area of leadership. Throughout the week there will be many challenges and opportunities for you to develop and grow. Not only that, but if you have a particular skill, such as soccer, then you may even be able to share it with others as you spend time with them.

## Learn to Lead

Getaway provides specialised onsite training for all our leaders. The training covers how to build relationships with campers and how to use the Christ centred relational leadership model effectively. Leadership development is an important focus and there are a number of different roles for leaders at different stages in their development. If you don't know the first thing about leading then we have a Leader In Training program that will give you the tools to be a leader.

Not only that, but all new leaders are placed with more experienced leaders so that they can get the hang of leading without being thrown into the deep end.
